ATHLETICS

Football 1980-81

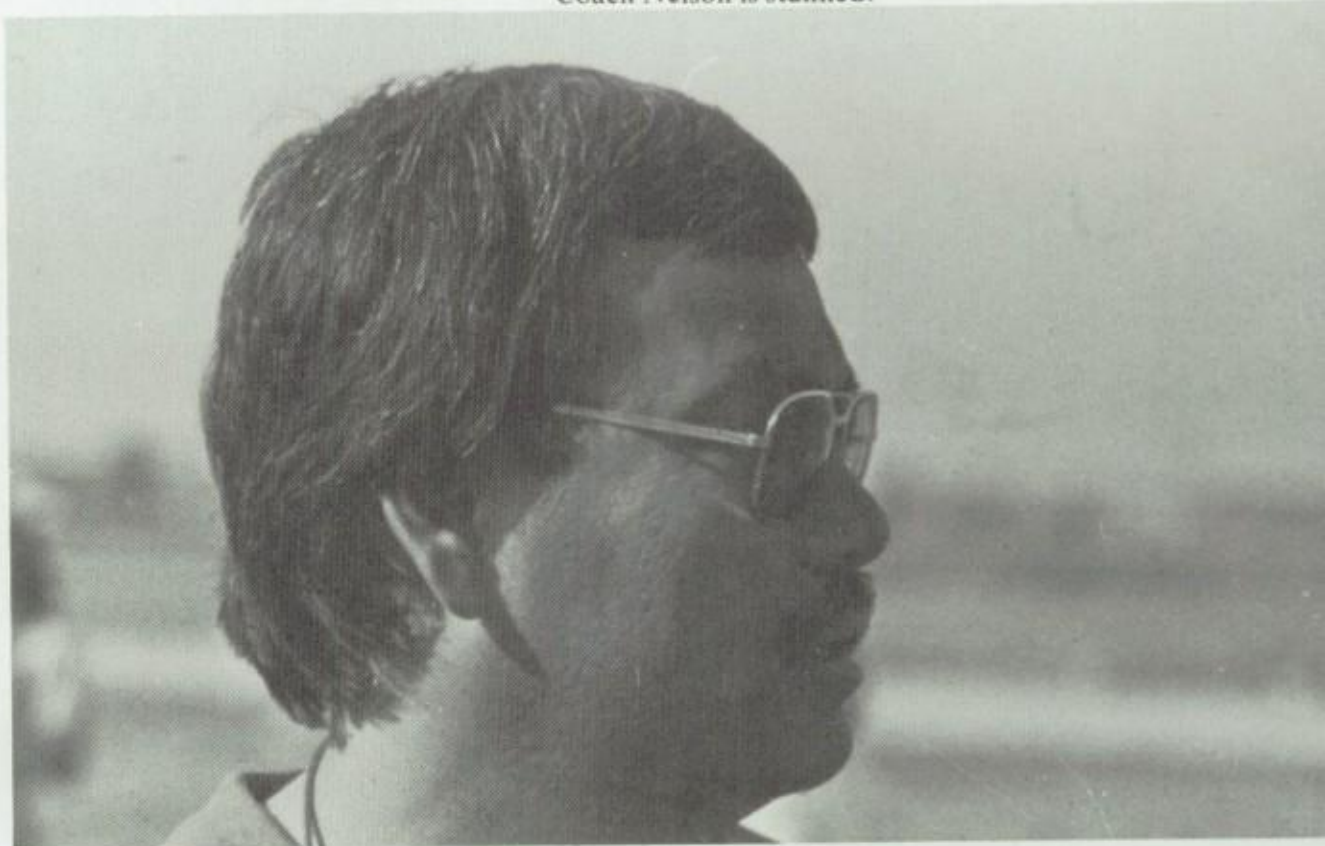

Warriors have tremendous first year record (9-1-1).

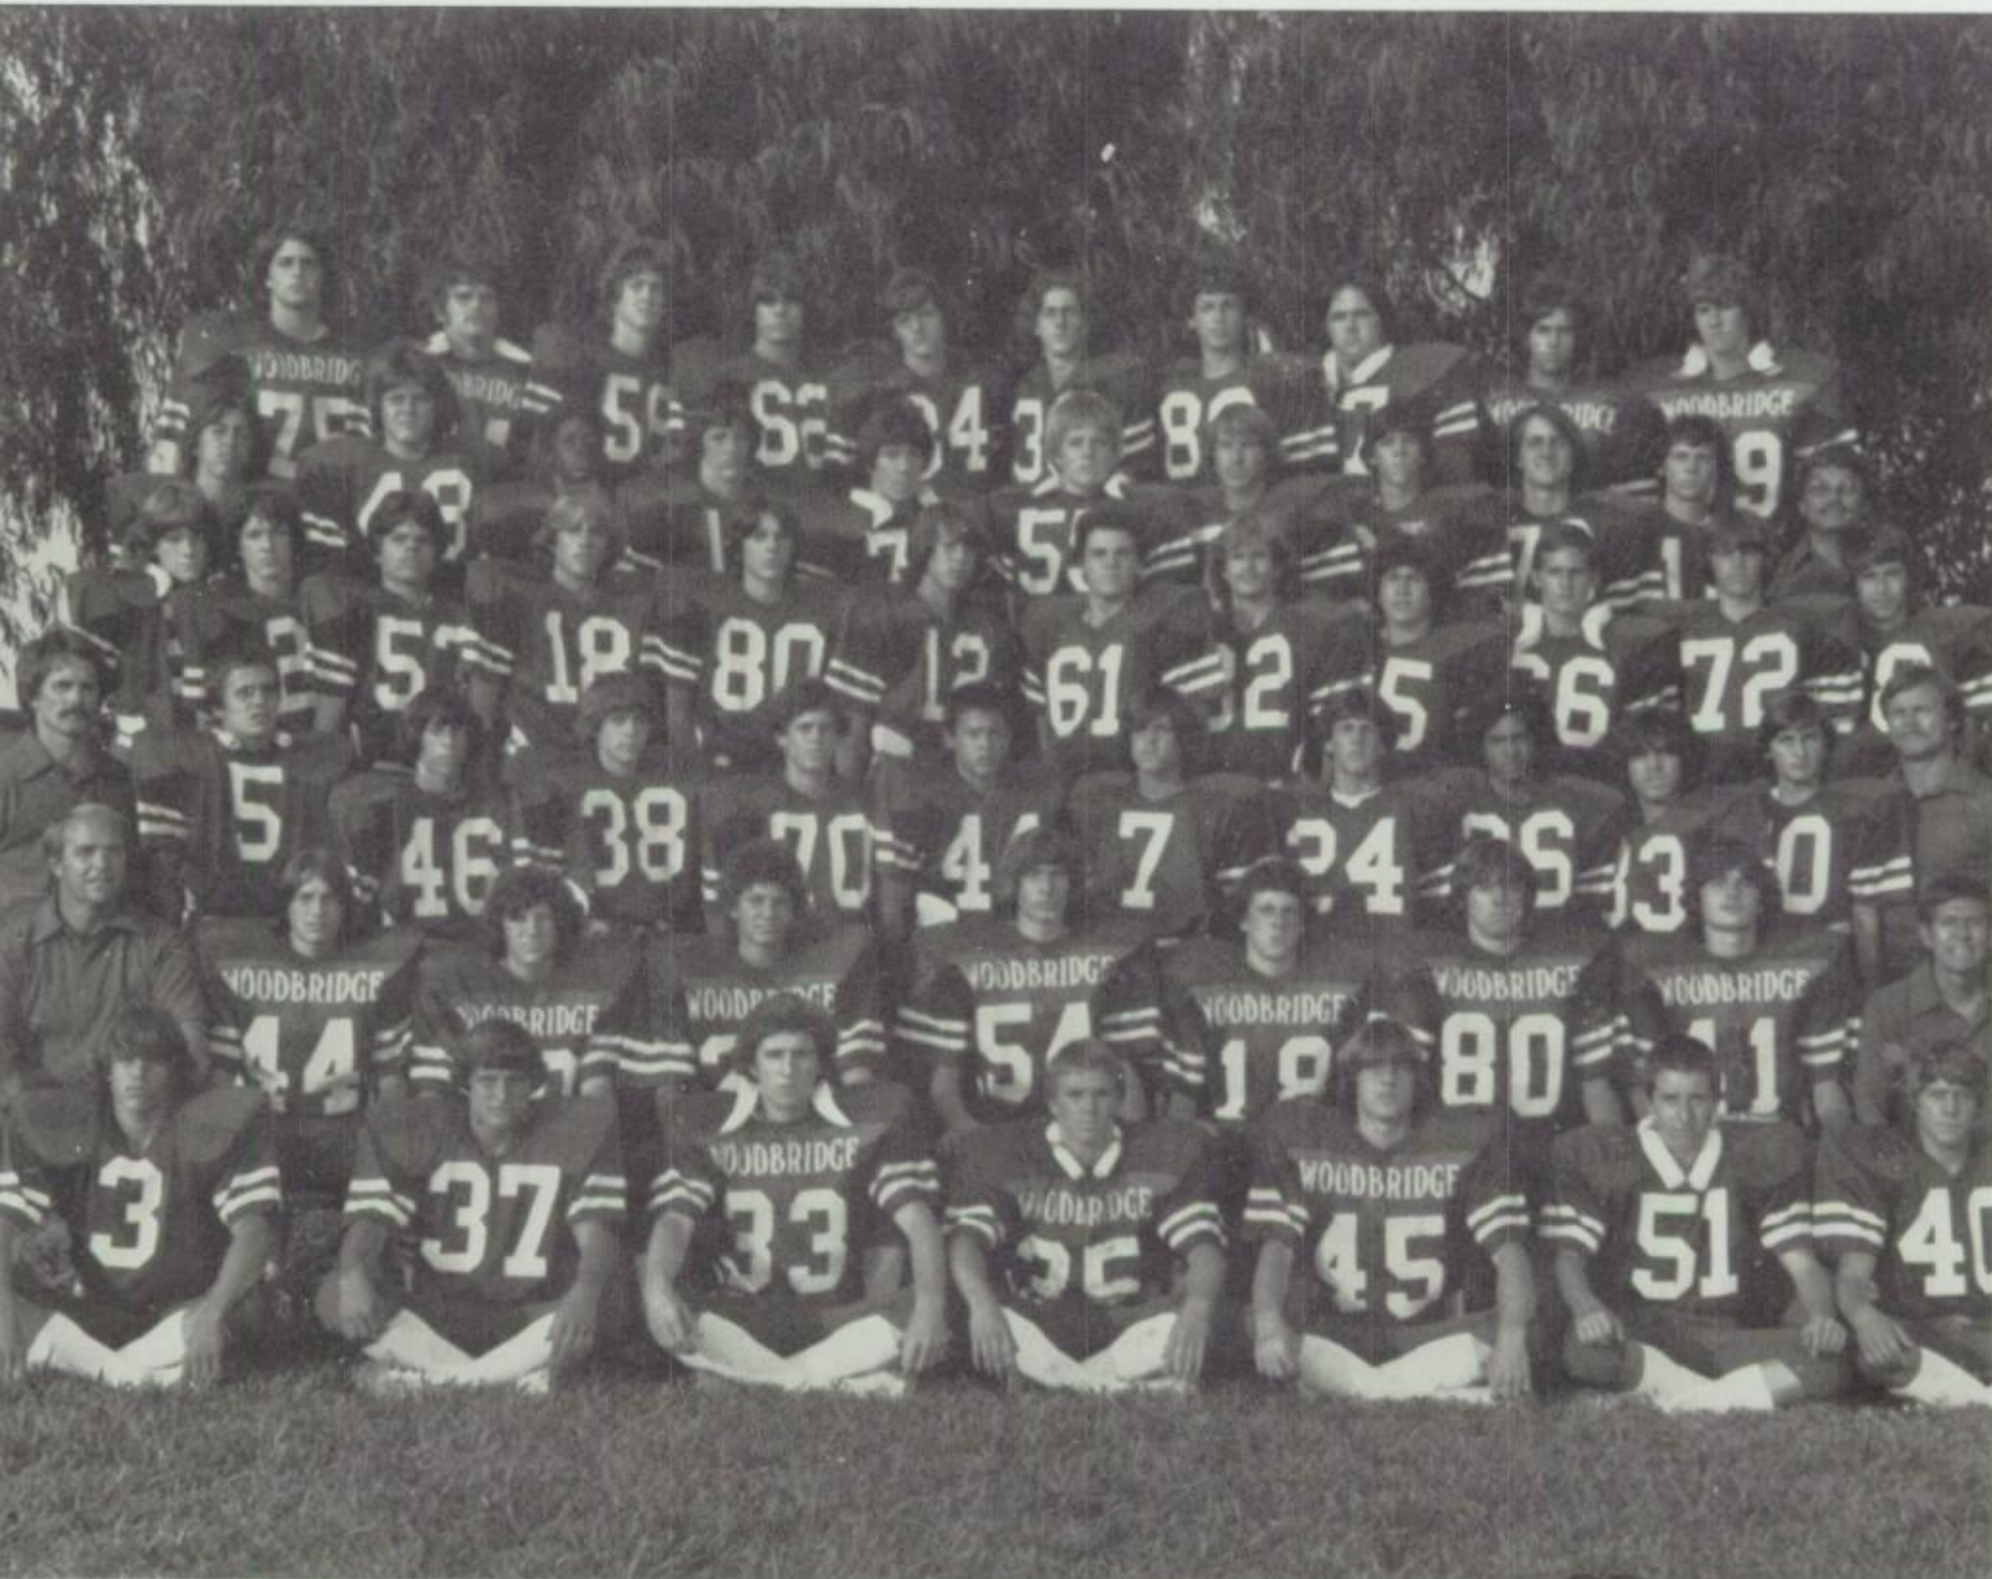

Coach Nelson is stunned!

Our season was successful and naturally we are pleased with our accomplishments, especially since this was the first season for Woodbridge. The recipe for success involved good team effort and attitude, good athletes, super assistant coaches, and *great* support from school personnel, students, parents and community.

We are striving to establish a tradition of excellence-athletic and academic. The first few steps have been taken. We know we cannot be complacent after only one good season. The *real* work is ahead of us. Steady work and continued success are important goals and we look forward to the challenge of reaching them.
